## Password Reset or Security Question Instructions

After initial registration, password or security question reset instructions are below.

1. Visit **ITWemployee.com** using one of the following browsers (current version): Google Chrome, Microsoft Edge Chromium, Mozilla Firefox, Apple Safari
2. Click **Forgot Password**
  - Enter your ITWconnect ID/ITW Employee ID.
  - Answer the security questions you previously established and click **Continue**.
    - If you do not recall the answers to your security questions, please contact the ITW Corporate IT Service Desk at 224-661-7123 for assistance. They will ask for your 7-digit ITW employee ID, birth date, home zip code, and 1st five digits of your social security number.
    - They will then verbally provide you with a temporary password after they verify
3. Select the **Accept Terms and Conditions** check box and click **submit**. A Thank you for registering screen will then be displayed
4. A Thank you for registering screen will now appear which will include your **new ITWconnect ID**.
  - Keep this number in an accessible place; you will need it throughout your employment.

If you have any questions, please contact your local IT representative or HR business partner.
